Funding for Social Change Ltd.
Non-charitable Grants 2023-24

Non-charitable Major Project grants

Most of our funding for major projects is charitable, however in 2023-24, as part of the Labour Rights major project, we funded non-charitably:

New Organising Conference brings together people from different backgrounds organising for workplace justice.

Non-charitable Pools grants

Generally one-off funding up to £20,000. There is one round per year. Non-charitable Pools grants in 2023-24 were:

Airwars Monitoring policy and practice on the protection of civilians in conflict, encouraging new approaches to civilian protection

ARTCRY Funding and support programme for artists creating politically responsive work

Decolonising Economics Core costs towards developing a solidarity economy movement rooted in racial justice

Demilitarise Education UK University Tour for the Demilitarise Education Treaty Alliance

Drone Wars UK Challenging the growing militarisation of space from a human security and environmental perspective

ForcesWatch Researching and challenging the influence of military interests in the UK Parliament

Policy Research in Macroeconomics (PRIME) Promoting the Social Guarantee which aims to create universal access to life's essentials within environmental limits

T.A.P The African Pot Project Empowering women and girls in Uganda through education, raising awareness and providing reusable sanitary pads

Tax Justice UK Challenging low tax narratives and working for raised taxes on wealth, to boost public spending and tackle inequality

Tipping Point North South Improving transparency and reporting of military emissions via submissions to and lobbying of various UNFCCC processes and member countries

Non-charitable Fast Track grants

Generally one-off funding of £5,000 – £8,000. In 2023-24 we awarded 24 non-charitable Fast Track grants through 4 funding rounds. Grants were:

Airwars Documenting and preserving every allegation of civilian harm in the Gaza Strip and Israel

Cool Down Sport for Climate Action Network Using sport as a powerful tool for engaging communities on climate change, through key global sporting events

Dog Section Press Expanding distribution of DOPE Magazine, supporting its vendors who are often homeless and excluded from other forms of support

Earth Thrive Protecting the highly biodiverse Balkan area, which is under threat from extraction by deforestation and mining

Environmental Buddies Zimbabwe Reforestation and building energy efficient stoves with a community in Marange, Zimbabwe
Growing with Grace Limited Developing a model and action plan for organic social prescribing in a rurally sparse area via a co-operative community farm in North Yorkshire
iGrow Lanka Promoting sustainable agriculture in an underserved community in Sri Lanka
Independent Creating a documentary podcast exploring how financial stress and trauma is perpetuated in our current economy
International Federation of Iraqi Refugees Preventing the forced deportation of Iraqi refugees
Just Treatment Organising with a small cohort of young people and their parents to challenge the corporate interests driving the youth mental health crisis
